Microsoft partners with PCCS

DUBAI

Microsoft Corp has partnered with Pacific Controls Cloud Services (PCCS), the leading provider of Data Centre Infrastructure Services and Cloud Services to customers globally, to provide highly customised and robust solutions to enterprises.

The PCCS is a wholly owned subsidiary of Pacific Controls, the leading global provider of ICT-enabled managed services and converged engineering solutions for buildings and infrastructure projects. (Staff Report)

Mr. Dilip Rahulan, Executive Chairman, Pacific Controls, along with ,
Bruno Delamarre, Regional Director Mid Market and Partner, Microsoft Gulf.
