

WETEX VISIT

WAM

Mohammad briefed on latest technologies

His Highness Shaikh Mohammad Bin Rashid Al Maktoum, Vice-President and Prime Minister of the UAE and Ruler of Dubai, yesterday visited the 14th Water, Energy, Technology and Environment Exhibition (Wetex). He visited various stalls and was briefed on the latest technologies used for generating power and rationalising use of water resources. Shaikh Mohammad also viewed models of power generation plants planned for the Mohammad Bin Rashid Solar Park.
